

Project Schedule – PIL Discrete choices in Bike Sharing Transportation System

	Task	Done	Estimated Time	Real Time	Deadline	Remarks
General	Organisation	-	?	2		
	Meetings	-	?	1		
				3	-	
Biblio	Documentation on Vlib		1			
	Statistical analyses and datamining		2	2		
	Discrete choices models ?		2			
	Biblio Synthesis population		1			
	Write Bibliographic report		2			
			8	2	30/03/14	
Development	Brainstorming for Questionnaire	X	1	1		
	Detailed elaboration of questionnaire		4			
	Writing of pilote questionnaire		2			
	Coding of flexible Platform / database		8			
			15	1	15/04/14	
Enquete	Field work		8			+ more time not during work hours
	Data export and cleaning		2			
			10		15/05/14	One entire month because need test of pilote questionnaire, revision, etc
Modelling	Formalisation of discrete choice models		2			
	Calibration and estimation on data		2			
	Analysis and synthesis of results (written report)		4			
	Population synthetisation in ABM		2			
	Discrete choice in ABM		2			
	Calibration of ABM, use of calibrated model		2			
	Analysis of ABM results		4			
			18		10/06/14	
Writing	Gathering already written part		2			
	Report for pil		12		20/06/14	
	Writing the paper		?		15/07/14
